

Design-Build Project Survey

Project Title and Location: _____

Owner: _____

Address: _____

Private

Non-Profit

Developer

Federal, Provincial, Municipal, Crown Corporation or Special Agency

Other (please specify) _____

Design-Builder:

Contractor: _____

Architect: _____

Engineer: _____

Trade Contractor(s): _____

Other Key Professionals: _____

Which of the following led the Design-Build Team (Assumed project risk):

Integrated firm

Contractor

Joint Venture

Other (please specify): _____

Type of Project (all that apply):

Commercial/Institutional Building:

Church/Worship

Multi-Family

College/University

Municipal/Public Building

Correctional/Justice Facility

Office

Farm Agriculture

Retail

- Hospital/Health Care
- Hotel/Hospitality
- Leisure/Theatre
- Library/Museum

- School/Educational
- Sports Facility
- Warehouse/Distribution

Industrial Process Facility:

- Light Manufacturing
- Heavy Manufacturing

- Petro/Chemical
- Power

Civil Infrastructure Project:

- Airport
- Bridge
- Collection/Conveyance
- Environmental
- Flood Control
- Highway
- Marine/Harbour

- Rail
- Telecommunications
- Transit
- Tunnel
- Utility
- Water/Wastewater

Other (please specify): _____

Description of Project: _____

Project Value: (In Canadian Dollars) _____

Commencement: _____ Completion: _____

Performance Evaluation:

- | | | | |
|----------|--|---------------------------------------|---|
| Budget | <input type="checkbox"/> Below Budget | <input type="checkbox"/> On Budget | <input type="checkbox"/> Over Budget |
| Schedule | <input type="checkbox"/> Ahead of Schedule | <input type="checkbox"/> On Schedule | <input type="checkbox"/> Behind Schedule |
| Design | <input type="checkbox"/> Above Expectation | <input type="checkbox"/> Satisfactory | <input type="checkbox"/> Below Expectations |
| Quality | <input type="checkbox"/> Above Expectation | <input type="checkbox"/> Satisfactory | <input type="checkbox"/> Below Expectations |

What creativity and/or innovation added value to the project?

Selection criteria? (choose all that apply):

- | | |
|---|---|
| Design Solution <input type="checkbox"/> | Architectural image and character <input type="checkbox"/> |
| Technical innovation <input type="checkbox"/> | Environmental acceptability of engineering solutions <input type="checkbox"/> |
| Net/gross ratios <input type="checkbox"/> | Functional efficiency, flexibility and expandability <input type="checkbox"/> |
| Quality of materials and systems <input type="checkbox"/> | Quality of functional area <input type="checkbox"/> |
| Accessibility <input type="checkbox"/> | Safety and security <input type="checkbox"/> |
| Energy conservation <input type="checkbox"/> | Ease of operation and maintenance <input type="checkbox"/> |
| Cost/value comparison <input type="checkbox"/> | Management and finance <input type="checkbox"/> |
| Price breakdown structure <input type="checkbox"/> | Documentation and completion schedule <input type="checkbox"/> |
| Cash flow schedule <input type="checkbox"/> | Quality control/quality assurance <input type="checkbox"/> |
| Management innovation <input type="checkbox"/> | Value added and life-cycle costing <input type="checkbox"/> |
| Operation and maintenance <input type="checkbox"/> | Site utilization location <input type="checkbox"/> |
| Proposal price <input type="checkbox"/> | Evaluation of project implementation plan <input type="checkbox"/> |

Other (please specify):

Has the project been nominated or won any awards?
