Canadian Design-Build Institute Documents

CDBI Series 100 - 2013

INTRODUCTION AND GENERAL

A design-build overview from a glossary of design-build terms and acronyms to design-build variants and consultants roles.

CDBI Series 110 - 2018

A GUIDE TO THE TRANSPORTATION AND INFRASTRUCTURE SECTOR

This guide contains three primary sections: procurement, design-build services contract and project execution that are unique to transportation projects.

CDBI Series 200 - 2013

A GUIDE TO PROCUREMENT AND AWARD

A guide to the procurement and award process for design-build projects from developing RFQs to copyright and patent issues. Also describes how to develop the Owner's Statement of Requirements and Selection Criteria.

CDBI Document 205 - 2007

METHODOLOGY ASSESSMENT MATRIX

A comparison chart to help Owners choose the right project delivery method for their particular project.
(Available as a free download on the CDBI web site)

CDBI Document 210 - 2004

REQUEST FOR PROPOSAL GUIDE

A guide for Owners to develop a Request for Proposal (RFP). It describes the principles and organization of the general requirements contained in a typical RFP.

CDBI Series 300 - 2004

A GUIDE TO RESPONDING TO RFQ'S AND RFP'S

A guide designed to help Design-Builders to confidently and professionally respond to requests for Qualification (RFQ) and Request for Proposals (RFP).

CDBI Document 310 - 2004

A GUIDE TO CONCEPTUAL ESTIMATING

A guide to conceptual estimating and how it plays a very important role in the design-build process.

CDBI Series 400 - 2009

A GUIDE TO PROJECT DELIVERY

A guide designed to assist Owners and Design-Builders to understand the design-build process. The guide also includes a comprehensive list of design-build terminology, information on agreements, schedule & cash flow, payment, changes, dispute resolution, the role of authorities having jurisdiction, to mention a few.
